

# FAMILY DAY CHALLENGE 2014

**TELL US**  
**WHAT KEEPS YOUR FAMILY UNITED?**  
*Share your inspiration with us.*

As a family oriented Dental Practice, we understand that family unity is essential.

A staff member shared a family tradition that is greatly anticipated every Sunday. It's called Family Brunch. Every Sunday, her family unites and creates an incredible meal. Most special of this day is sitting around the table sharing these creations together, sharing the weeks events, and the upcoming weeks goals.

**Family Day February 17, 2014** is a holiday that allows us the opportunity to dedicate this time to our loved ones - our family.

Share your Family Unity success story, and if your inspiration is chosen, we have a little something special for you.

**Simply put your story in this ballot box, or connect with us on Facebook!**
